

3.1 Identification of Projects

The

management required to achieve the plan objectives **THIS NEEDS CHECKING CROSS REFERENCING WITH LAST PLAN. LEFT THE FIVE YEAR PLAN BLANK AS YOU ARE BEST PLACED TO DO THIS**

<p>Conserve and enhance the ditch system and its associated flora and fauna in favourable condition</p> <ul style="list-style-type: none"> • protect and conserve populations of rare plants and animals • Monitor the effects of management on habitat and species number/diversity. • Monitor the effects of management on habitat and species number/diversity. • Monitor water level and quality and their effects on habitats and species. • Contribute to EA's implementation of the Water Level Management Plan for Pevensey Bridge by consultation/cooperation with EA and adjoining owners.) 	<p>RV0*/01 RP10/01 RF20/01 RA10/01 MH19/01 MS10/01 RA50/01 RA8* RA7* RA9* RM50 RA0* RA2* RA4* RA6* MH50 MH57 RH80 ML00 ML40 MH50</p>	<p>Manage archive records Collect data, hydrological Collect data, other vascular plants Collect data, birds Manage habitat, grassland, by other activities, ditches & drains Manage species, other vascular plant, weeds Collect data – odonata Collect data, other invertebrates Collect data, other/general insects Collect data, fauna Collect data mollusca Collect data mammals Collect data herpetiles Collect data Lepidoptera Collect data orthoptera Manage habitat, swamp/fen/inundation by water level control Manage habitat, swamp/fen/inundation by ditch/dyke maintenance Collect data , management by owners/tenants/public bodies/neighbours Liaise owner/occupiers Liaise local/national authorities Manage habitat, swamp/fen/inundation by water level control</p>
<p>BAP priority coastal and floodplain grazing marsh will be managed to ensure the provision of a quality habitat which supports wetland birds.</p>	<p>RV0*/01 RP10/01 RA10/01 MH19/01 MS10/01 RA80/01</p>	<p>Manage archive records Collect data, hydrological Collect data, birds Manage habitat, grassland, by other activities, ditches & drains Manage species, other vascular plant, weeds Collect data, other invertebrates</p>

<p>To conserve the pattern and structure of the ditch habitat by conserving existing field patterns</p>	<p>RV0*/01 RV10/01 RV1101 RH21/01 MB00/01</p>	<p>Manage archive records List/collect photographs, general List collect photographs, fixed point Collect data, archaeological Manage habitat, scrub</p>
<p>To encourage local community interest in the site and ensure economic return from the grazing</p>	<p>MLO* M110 M150/01</p>	<p>Liaise owners /neighbours/others Inform visitors general/guided walks Provide interpretive material, reserve leaflet</p>
<p>To encourage use of the site for education, research and demonstration as far as this is compatible with the wildlife of the site.</p>	<p>M110 M150 ME40 AIO* MLO*</p>	<p>Inform visitors general/guided walks Provide interpretative material Provide/maintain paths/tracks/roads Safety inspections and audits Liaise owners /neighbours/others</p>
<p>Use the NNR as a catalyst for promotion of quiet enjoyment and access across the wider levels</p>	<p>MI50/01 MLO*</p>	<p>Provide interpretive material, reserve leaflet Liaise owners/neighbours/others</p>
<p>Fulfil legal and other obligations arising from parliamentary acts, conveyances</p>	<p>AL0*</p>	<p>Legal/land agency matters, estate terrier Legal/land agency matters, grazing licences Safety inspections and audits</p>

3.2 Project Register

A

complete list of projects for this management plan

Project Code	Project Title	Project Description
RV0*/01	Manage archive records	Maintain historical reserve information in archive
RV10/01	List/collect photos, general	Ground, & aerial photographic record
RV11/01	List/collect photos, fixed point	Fixed point photography
RP10/01	Collect data, hydrological	Monitor water levels and water quality
RP40/01	Collect data, pedological	Monitor soil chemistry
RF00/01	Collect data, vegetation, NVC	Undertake NVC survey every 10 years
RF20/01	Collect data, other vascular plants	Monitor fritillary population and populations of other rare species
RA10/01	Collect data, birds	Monitor breeding wader populations/skylark, etc
RH21/01	Collect data, archaeological	Monitor features of historical interest
RH3*/01	Collect data, public use, visitor numbers	Monitor visitor numbers and record impact on features of interest
MI10/01	Inform visitors general, guided walks	Guided walks programme
MI50/01	Provide interpretive material, reserve leaflet	Maintain updated version of reserve leaflet
MI50/02	Provide interpretive material, reserve signs & interpretation boards	Erect and maintain reserve signs and interpretation boards
ML0*/01	Liaise owners/neighbours/others	Liaise, as required, with licensees, neighbours and local community
MH10/01	Manage habitat, grassland, by controlled grazing	Summer and autumn grazing
MH12/01	Manage habitat, grassland, by mowing	Mowing of hay crop
MH16/01	Manage habitat, grassland, by enclosure	Rotational replacement of fences and gates
MH19/01	Manage habitat, grassland, by other activities, ditches & drains	Maintain system of ditches, drains and water control devices
ME40/01	Provide/maintain paths/tracks/roads	Maintain existing PROWs and concessionary path. Extend latter.
MS10/01	Manage species, other vascular plant, weeds	Ragwort, thistle and dock control
MB00/01	Manage habitat, hedgerows, general	Hedgerow management
AA0*/01	Site acquisition/declaration	Draw up and implement site safeguard strategy
AL0*/01	Legal/land agency matters, estate terrier	Establish and maintain estate terrier
AL0*/01	Legal/land agency matters, grazing licences	Issue and monitor grazing licences and associated SFP returns
AI0*/01	Safety inspections and audits	Undertake safety inspections and update all H&S documents as necessary

3.3 Five Year Plan

Project Code	Project Title	Year				
		05/06	06/07	07/08	08/09	09/00
RV0*/01	Manage archive records	√	√	√	√	√
RV10/01	List/collect photos, general	√	√	√	√	√
RV11/01	List/collect photos, fixed point					
RP10/01	Collect data, hydrological
